

## SPT. TO CAPTAINS.

Byrnes Lectures Precinct Commanders on Election Matters.

Tells Them to Be Perfectly Neutral in Their Official Acts.

Excise Violations and Lexow Witnesses' Persecution Mentioned.

All the captains and acting captains in command of the various police precincts were summoned to Police Headquarters this morning by Supt. Byrnes and lectured for a half hour.

It was just 9 o'clock when the Superintendent began delivering his instructions, and it was precisely 9:30 when the captains were dismissed.

When seen subsequently in relation to the matter, the Superintendent said: "My instructions were purely of a private nature. What I said was merely calculated to improve the discipline of the force. There was nothing of an extraordinary character said or suggested. I have been in the habit of calling precinct commanders together at stated periods for some advice. This was one of those occasions."

The captains who were approached on the subject refused to say what matter or matters were discussed or what was the gist of the Superintendent's remarks. It was learned from an unofficial source, however, that the Superintendent had known his wishes with regard to the coming election, and that his instructions were to discourage any effort upon the part of subordinates to exercise any considerable influence for the benefit of one of the other party. The instructions, it was said, were explicit on this point, and any attempt at intimidation upon the part of any police officer, should be reported to the Superintendent forthwith, so that the officer might be summarily disciplined.

The enforcement of the excise laws was also mentioned, and the result of the Superintendent's recent investigation was dwelt upon. The fact was that there have been sixty-four thousand violations of the law in the last three months was evidence of neglect upon the part of the precinct commanders, the Superintendent declared, and some effective measures should be used to check the illegal traffic.

Numbers of arrests, however, with the names of the reputed proprietors, where liquor is sold in violation of the law, were furnished to the captains, it was said, from the reports of the detectives who gathered the evidence.

Rumor had it also that the Superintendent had a great deal to say about the alleged persecution of the Lexow Committee, and that he had been before the Lexow Committee as a witness.

EMERY MEN WERE PRESENT.

Therefore No Attempt Was Made to Secure His Resignation.

The reason there was not a lively row at the meeting of the Kings County Medical Society in Brooklyn last night was made known to-day by Dr. George D. Barner, of 101 Hancock street, who was to offer resolutions calling for the resignation of Health Commissioner Emery as a member of the organization.

"When we counted noses," said Dr. Barner to-day, "we saw that the meeting was packed. Dr. Emery had the forty physicians present whose appointments as visiting and consulting physicians at the Kings County Hospital he is responsible for, and all the doctors from the Health Department, besides twenty friends."

We saw at once that if the resolutions were introduced, they would be voted down by a majority of ten."

We concluded that rather than vote a defeat on a packed meeting, we would wait. At the next meeting we will not call for Dr. Emery's resignation, but for the appointment of a special committee to investigate the matters that were to have been referred to last night."

There was a larger attendance at the meeting last night than has been seen for over a year. Physicians came from all parts of Kings County expecting that there would be a grand row. But they were disappointed, as the business of the meeting was conducted without interruption on the part of Dr. Emery's enemies.

TO FIGHT THE TIGER.

Good Government Club X Will Tackle Him in His Lair.

Good Government Club X, which was organized only three weeks ago, and which proposes to look after the interests of the downtown districts, including the Second, Third, Fourth and Fifth, is booming.

The membership has already reached 150, and is increasing every day. The officers expect it to number 500 before the campaign is fairly under way. Headquarters have been engaged at 1 Canal street, and a Reception Committee is on hand every evening at the clubhouse from 7 to 10 o'clock. No one is to be admitted without a card, and visitors are given encouragement to come and give encouragement to the movement to purify politics in New York.

The intention is to concentrate the energy of the movement in the Second and Fourth Assembly Districts, where the Governor power is concentrated, and to make it a power for good. The leaders of the club are watching the houses and tenements in these districts, and propose to make a bitter warfare against illegal voters throughout the downtown precincts. It is stated that Good Government Club X will work in harmony with other Anti-Tammany organizations in the lower districts, for the purpose of driving out the Tiger.
